

Student testimonials for the International Blog

“I am enjoying my stay here a lot. German people and teachers are very nice and try to help me when I need it. It is an amazing experience for me and I met lots of interesting people from foreign countries - we are here like an Erasmus family.”

Martina Mandáková from Slovak Republic

University: University of Economics in Bratislava, Slovakia

Degree course: General Management - MA student

What do you particularly like about Rosenheim University of Applied Sciences?

I can see the high quality of lessons and technical equipment at the University of Applied Sciences in Rosenheim. Teachers are very professional and willing to help students.

Was there anything that you found particularly strange or surprising when you first arrived here?

For me it was surprising that every German can speak English. There is no problem with communication. But strange was to find out that they often use Bavarian dialect which is a little bit different from standard German.

What are your favourite places in your university town and why?

The city centre is very beautiful. I like restaurants there despite they are quite expensive; I really recommend come in the winter and visit the Christmas market in Rosenheim. And also the university belongs to my favourite places because every day I can meet there people I have become friends with during my stay in Rosenheim.

What are your favourite things about Bavaria?

Nature and towns or cities of Bavaria are amazing. Bavarian people are very nice to people from abroad.

Is there anything you particularly miss about your home country?

Of course, I miss my family, but except this I do not miss anything because I know I will come back to my home country and I feel very good here in Rosenheim.

Do you have any tips for other international students coming to Rosenheim?

I recommend having some knowledge of German before coming to Rosenheim.
