

## Student testimonials for the International Blog

\*\*\*\*\*

“Here the study is based on practical knowledge. Less theory and more practice.”

Sandeep Niraula from Nepal

**University:** Rosenheim University of Applied Sciences

**Degree course:** MA Electrical Engineering and Information Technology - Mechatronics

**Contact email address:** [sandeep.niraula@stud.fh-rosenheim.de](mailto:sandeep.niraula@stud.fh-rosenheim.de); [nischalsandy@gmail.com](mailto:nischalsandy@gmail.com)

### ***Why did you decide to study in Rosenheim?***

Bavaria is one of the opportune places, especially for students to find work after the study. It is easy to find a student job and thesis.

### ***What are your plans and goals for the future?***

To work here in Germany.

### ***What are your favourite places in your university town and why?***

My favourite places are lake sides, because it is nice to hang around there with friends.

### ***What are your favourite things about Bavaria?***

Food, culture and festivals.

### ***If you were writing a postcard to your family and friends in your home country, what would you say about your time in Bavaria?***

Enjoying.

### ***Is there anything you particularly miss about your home country?***

Of course I miss my family and local friends and Nepalese food, which I don't find here.

### ***Do you have any tips for other international students coming to Bavaria?***

To study here is superb and people are friendly. But don't forget to learn German language because it is one of the important things to do before coming to Germany.
