#### **Why did you decide to study at Rosenheim University of Applied Sciences?**

Actually before I came here, I had applied for several universities in Netherlands, Sweden and so on. But I chose here at last for its high level of education level while charging lower tuition fees, and at the same time, for the dramatic landscape of Alps and the inimitable German style. I would like to say, the encounter with Rosenheim must be part of my fate.

#### **What do you particularly like about your university in Bavaria?**

It provides me with a quiet and gratifying environment for my study.

#### **Was there anything that you found particularly strange or surprising when you first arrived here?**

Of course. The windows of our university are automatic. And the buses are amazingly punctual, and they should lean to the right side when coming to a stop.

#### **What are your plans and goals for the future?**

I hope I can go back to my mother land and share my knowledge and experience with my friends.

#### **Are you involved in any clubs/ extra-curricular activities at your university?**

No, I’m not.

#### **What are your favourite places in your university town and why?**

The lake Simsee. It is peaceful, pleasant and beautiful, and relaxes me a lot. Sometimes I start from there in the afternoon for a one-hour cycling, and I can take some photos of sunset.

#### **What are your favourite things about Bavaria?**

The friendly people. They are always helpful and speak very good English.

**If you were writing a postcard to your parents and friends in your home country, what would you say about your time in Bavaria?**

It's great. I've been enjoying myself here.

**Is there anything you particularly miss about your home country?**

Food and my friends.

**Do you have any tips for other international students coming to Rosenheim?**

I recommend learning some German before coming to Rosenheim.
