Why did you decide to study at Rosenheim University of Applied Sciences? Because it's famous in the wood technology field.
What do you particularly like about your university in Bavaria? Quality of studies, culture, mountains, beer.
Was there anything that you found particularly strange or surprising when you first arrived here? It was difficult to understand what to do and where to go at the first moment but after some time it turned ok.
What are your plans and goals for the future? Improve myself in wood technology field but without studying in university.
Are you involved in any clubs/ extra-curricular activities at your university? No.
What are your favourite places in your university town and why? No particular places. It depends on situation and people around me.
What are your favourite things about Bavaria? Old Bavarian traditions, beautiful nature, beer.
If you were writing a postcard to your parents and friends in your home country, what would you say about your time in Bavaria? It was very useful time to improve my language skills and knowledge in wood processing, explore other cultures and change my attitude to life generally.
Is there anything you particularly miss about your home country? Friends, family, food.
Do you have any tips for other international students coming to Rosenheim? Be positive and open-minded!
