#### Why did you decide to study at Rosenheim University of Applied Sciences?

I had a very good feedback for the University from a friend who lives and studies in Rosenheim, also the wonderful nature played its role and the interesting offer of courses that matched well with mine.

#### What do you particularly like about your university in Bavaria?

I was very happy with the professors and their attitude towards the students, the Mensa was great and the international office did a perfect job by providing useful infos and organizing wonderful trips for us.

#### Was there anything that you found particularly strange or surprising when you first arrived here?

I was positively surprised that the students could buy beer during lunch in the Mensa.

#### What are your plans and goals for the future?

I want to finish a master degree in Tourism and after few years open a small hotel/guesthouse.

#### Are you involved in any clubs/ extra-curricular activities at your university?

I was involved in ESN and AIESEC at my university.

#### What are your favourite places in your university town and why?

Because of my love for nature, my favourite place is a small mountain called Sandberg, where you have a lovely view at the ruins of a castle Devin and the Austrian fields and if someone is fond of archaeology, there are fossils, shells and shark teeth to be found in the sand after the sea that once used to be here millions of years ago.

**What are your favourite things about Bavaria?**

I loved the Bavarian culture, their traditional Dindl and Lederhosen, the festivals in the beginning of autumn and the lovely mountains.

**If you were writing a postcard to your parents and friends in your home country, what would you say about your time in Bavaria?**

That I had a great time getting to know new friends, seeing the different lifestyles and that they wouldn't be disappointed with the beer 😊

**Is there anything you particularly miss about your home country?**

No matter where in the world I am, it's always the friends and family that I miss the most.

**Do you have any tips for other international students coming to Rosenheim?**
