Fraueninsel Christkindlmarkt

### Short feedback about your stay in Rosenheim:

**Name:** Mélanie Maupin  
**Home country:** France  
**University:** Université de Lille  
**Degree course (BA / MA):** Master 2  
**Contact email address:** melaniemaupin@laposte.net

\*\*\*\*\*

#### **Why did you decide to study at Rosenheim University of Applied Sciences?**

Because the courses on offer at Rosenheim University of Applied Sciences were very similar to the courses at my home university in France. Moreover, I have never been to Bavaria and Bavaria seemed to be really beautiful with the mountains close by, the surrounding lakes, the castle Neuschwanstein,...

#### **What do you particularly like about your university in Bavaria?**

The staff really is open minded and everybody speaks English. So even if exchange students are not able to speak German they won't have a problem. The classes were really interesting and a lot less theoretical than back home in France. The International Office organises (cheap) trips for foreign students. I also liked to have a bike lent by the university.

#### **Was there anything that you found particularly strange or surprising when you first arrived here?**

Unfortunately, most of the classes I had chosen were not available or not in English. But I guess it happens in every university and I found other classes that I liked anyway.

#### **What are your plans and goals for the future?**

I will start working in France and maybe one day I will live abroad, why not in Germany?!?

#### **Are you involved in any clubs/ extra-curricular activities at Rosenheim UAS?**

No, but I tried the yoga class (I did not like that it was in a normal class room and we had to bring our own mattress which I did not have).

#### **What are your favourite places or things to do in?**

Running along the river Inn, climbing, the trips the exchange students did (Berchtesgaden, Nuremberg, Hohe Aasten (mountain close by), and all the nice

Christmas markets,...

**What are your favourite things about Bavaria?**

There are lots of lakes in the region, mountains and it is close to many countries. Moreover, the International Office organized a lot of activities for foreign students, therefore it is easy to find friends when you arrive.

**If you were writing a postcard to your parents and friends in your home country, what would you say about your time in Bavaria?**

I met many nice people, once in a lifetime experience, and a really beautiful landscape!

**Is there anything you particularly miss about your home country?**

Good cheese 😊

**Do you have any tips for other international students coming to Rosenheim?**

Don't hesitate to come! Bavaria is absolutely amazing! If you want to travel during your semester, Rosenheim is definitely the right choice!
